About Us

Welcome to Tajnur Trade International, a trusted leader in global logistics and comprehensive supply chain solutions.

Our journey began in 1973 under the visionary leadership of our Managing Director, whose career spans over five decades of excellence across diverse sectors, including Clearing & Forwarding (C&F), Freight Forwarding, Transportation, Import & Export, and the Food Supply industry. Grounded in this rich heritage and extensive industry expertise, Tajnur Trade International formally dedicated its core operations to the freight forwarding business in 2008.

We take great pride in delivering seamless, highly efficient end-to-end logistics solutions. With deep operational expertise across Ocean Freight, Air Freight, and Land Freight, we handle your cargo with maximum precision, speed, and safety at every step of its journey. In addition to our core freight services, we feature a highly skilled, dedicated C&F team that brings specialized experience to navigate complex customs regulations, handle documentation seamlessly, and ensure swift clearance for both import and export shipments.

With a strong and expanding presence, we currently operate through strategic offices in Dhaka and Chittagong (Bangladesh), as well as international offices in Australia and Canada. Our presence in these key regions enables us to deliver local expertise with global reach, ensuring efficient, personalized service for our clients worldwide.

Our Vision

Tajnur trade International envisions becoming a leading strategic delivery partner, empowering business across industries with reliability, precision and internationally compliant logistics solutions for cargo of every scale.

Our Mission

At Tajnur Trade International, our mission is to empower businesses worldwide by providing reliable, efficient, and cost-effective freight forwarding and logistics solutions.

Driven by integrity, innovation, and customer satisfaction, we strive to simplify global trade through seamless cargo management, ensuring your goods reach their destination safely and on time.

Sea Freight:

Our Sea Freight Services provide a cost-effective and dependable solution for transporting large volumes and heavy cargo worldwide. Partnering with top global ocean carriers, we ensure seamless port-to-port and door-to-door transit with flexible scheduling and competitive rates.

Key Offerings:

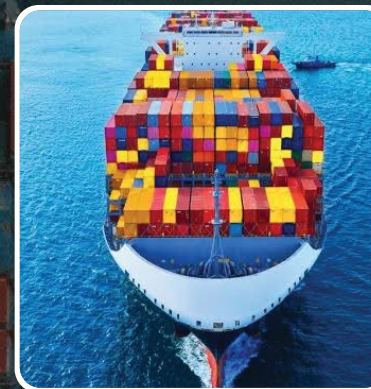

Full Container Load (FCL): Dedicated container space tailored for large-volume shipments.

Less than Container Load (LCL): Cost-effective consolidated shipping solutions for smaller cargo loads.

Breakbulk & Heavy Lift Cargo: Specialized handling for oversized, heavy, or out-of-gauge equipment.

End-to-End Logistics: Comprehensive Port-to-Port, Port-to-Door, and Door-to-Door delivery networks.

Customs Clearance & Documentation: Smooth customs processing, export/import documentation, and compliance management

Air Freight:

Air freight is fast- but it shouldn't be unpredictable. We help you access the most competitive rates across multiple airlines while maintaining high service standards.

Your cargo is handled in secure airport warehouse facilities with strict compliance and multiple security checks before uplift. The result: speed, safety, and reliability without unnecessary cost surprises.

Key Offerings:

Express & Priority Air Freight: Urgent delivery solutions for high-value and time-sensitive cargo.

Standard Air Freight: Reliable, scheduled consolidations offering a balance between speed and cost.

Temperature-Controlled Transport: Cold-chain logistics for pharmaceuticals, perishables, and sensitive products.

Dangerous Goods (DG) Handling: Certified handling and compliance management for hazardous materials.

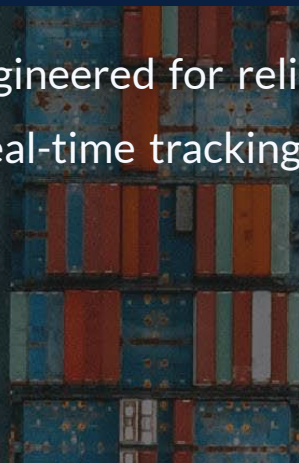

Door-to-Door Delivery: Seamless pickup, airport clearance, and final delivery directly to the destination doorstep.

Road Freight

We provide end-to-end road freight solutions engineered for reliability, safety, and operational efficiency. Backed by a modern, fully integrated fleet and real-time tracking systems, we keep supply chains moving seamlessly across regional and long-haul routes."

Warehousing:

We offer secure, flexible, and scalable Warehousing Solutions designed to streamline your supply chain and optimize inventory management. Whether you need short-term storage or a fully integrated distribution center, our strategically located facilities ensure your goods are safely stored and processed efficiently.

Key Offerings:

Storage Solutions: Short-term and long-term storage facilities tailored for bulk cargo, palletized goods, and specialized inventory.

Inventory Management: Advanced tracking and real-time inventory visibility to maintain accurate stock control.

Value-Added Services (VAS): Kitting, labeling, repacking, palletization, and quality inspection tailored to your market needs.

Order Fulfillment & Distribution: Pick-and-pack services, order processing, and nationwide or regional final-mile distribution.

Temperature-Controlled & Secure Storage: Monitored storage options for sensitive cargo, equipped with 24/7 security surveillance and fire safety systems.

Customs Clearing & Forwarding (C&F) Services

Navigating international trade compliance can be complex. Our experienced Customs Clearing & Forwarding (C&F) team ensures seamless customs clearance for both import and export shipments across major seaports, airports, and land borders. We handle all regulatory procedures, documentation, and tax assessments to prevent delays and minimize operational costs.

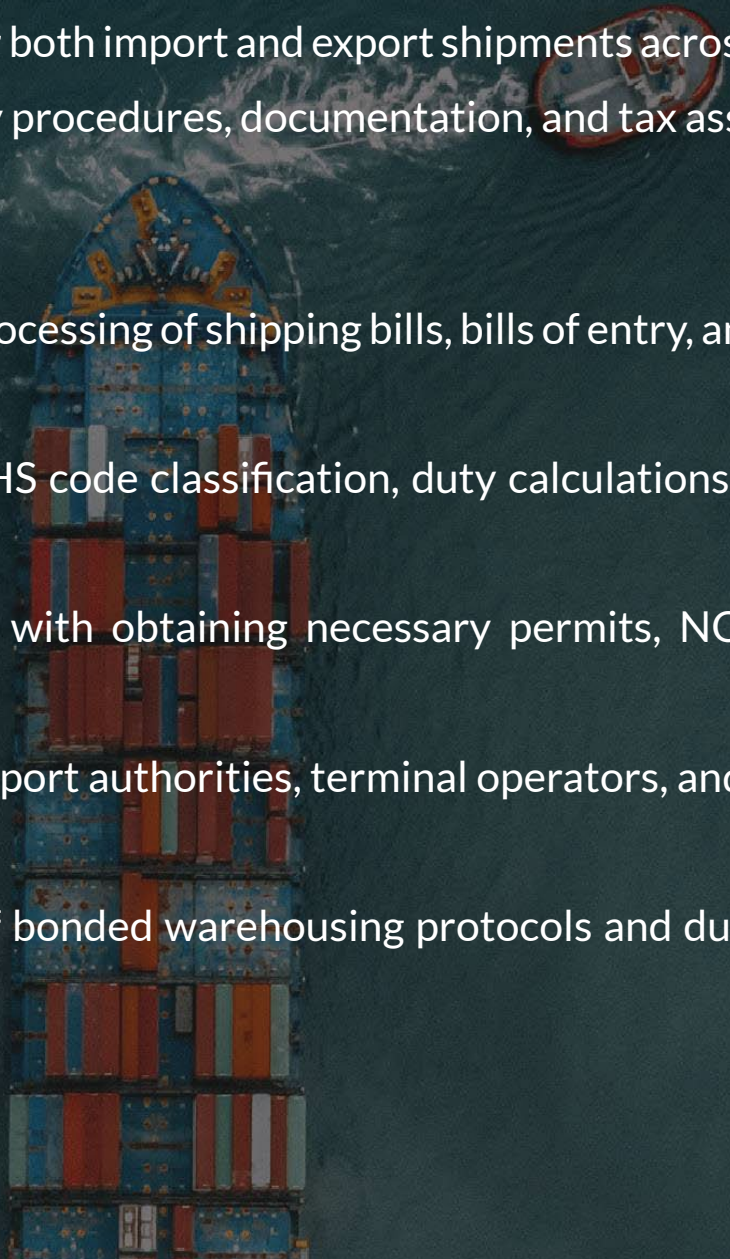

Import & Export Customs Clearance: Complete processing of shipping bills, bills of entry, and regulatory documentation.

Duty & Tariff Classification: Expert guidance on HS code classification, duty calculations, and trade agreements to optimize duty structures.

Regulatory Compliance & Licensing: Assistance with obtaining necessary permits, NOCs, licenses, and inspection certificates from government agencies.

Port & Border Handling: Direct coordination with port authorities, terminal operators, and customs officials for swift cargo release.

Bonded Warehousing Clearance: Management of bonded warehousing protocols and duty-deferred cargo movements.
